Is the line worth it right now?

Know the wait times at Green St. Chipotle before you step out of your apartment
Updated by students, for students.

~20%
More food when ordering **in-person** vs. the mobile app

3s
To check the current line **before you walk over**

100%
Student-reported. **No cameras. No tracking.**

Line check. 3 seconds.

THE CHIPOTLE DILEMMA

Online orders are convenient — but research shows in-person orders are **~20% larger by weight** at this location. If the line is short, walk in. If it's slammed, order online.

1. **Scan** the QR code to open the live dashboard
2. **Check** the current crowd level in real time
3. **Report** what you see — one tap helps everyone
